Site visit by MHT Staff ☐ yes ☒ no Name: _____ Date: _____

Description of Property and Justification: *(Please attach map and photo)*

741 Mt. Nebo Road owned by Edward & Penelope Boas is a one-and-one-half story dwelling. Its exterior is clad in stucco and the side gable roof is of asphalt shingles. There is one exterior chimney with a stone base and a stucco stack. The house is three bays wide and has a one bay, front gable dormer with three windows above the integral porch. All of the windows are replacements and are double-hung sash examples. The roof has been replaced and the brackets appear to be truncated. The integral porch on the west side of the building has been enclosed by two plate glass windows with a sliding glass door in the middle on the west side of the porch, while three windows enclose the south and north sides of the porch.

The historic boundary will be confined to Parcel 96 on Cecil County Tax Map 43.

741 Mt. Nebo Road was constructed in the mid-twentieth century during the interregnum period when the middle class had both the money and the leisure time to take extended vacations. Families frequently constructed houses that served a get-away residences located in areas considered to be vacation destinations. The building's outline appears on a 1939 plan sheet prepared by the USACE to construct the causeway between 2nd street and the USACE facility to the northeast.

NR-ELIGIBILITY REVIEW FORM

CE-1548

741 Mt. Nebo Road

Page 2

Although 741 Mt. Nebo Road stands along MD 286, the causeway constructed by the USACE in 1932 to connect 2nd Street with the USACE facility to the northeast, research did not identify any associations between 741 Mt. Nebo Road and either the C&D Canal or the USACE. Instead, the building is an example of an Arts & Crafts style bungalow but the alterations identified above have caused a loss of integrity of workmanship, materials, design and feeling. As a result, 741 Mt. Nebo Road is not eligible for inclusion in the NRHP under Criterion C. Research conducted did not identify events or persons of local, state or national significance and 741 Mt. Nebo Road is not eligible under Criteria A or B. Criterion D was not investigated as part of the historic standing structures studies.
